### EXPERIENCE

#### ● FULL STACK DEVELOPER

##### 2020 / Present Ginkgo Bioworks

- Designed and implemented a multi-tenant SaaS application using React and Node.js, resulting in a 30% increase in client retention.
- Integrated payment gateways (Stripe, PayPal) to enhance user experience and streamline transaction processes.
- Spearheaded the migration of legacy systems to cloud infrastructure (AWS), reducing operational costs by 40%.
- Mentored junior developers, fostering a culture of continuous learning and code quality.

### EDUCATION

#### ● University of Belgrade

Computer Science And Engineering, Bachelor's

### SKILLS

• Node.js	<div><div></div></div>
• PHP	<div><div></div></div>
• Python	<div><div></div></div>
• C#	<div><div></div></div>
• Express.js	<div><div></div></div>
• Nest.js	<div><div></div></div>
• Laravel	<div><div></div></div>
• Symfony	<div><div></div></div>
• Django	<div><div></div></div>
• Flask	<div><div></div></div>
• FastAPI	<div><div></div></div>
• .NET	<div><div></div></div>
• Ruby	<div><div></div></div>
• Ruby on Rails	<div><div></div></div>
• Golang	<div><div></div></div>
• Java	<div><div></div></div>
• Spring	<div><div></div></div>
• React.js	<div><div></div></div>
• Vue.js	<div><div></div></div>
• Angular	<div><div></div></div>

## **FULL-STACK DEVELOPER**

**2016 / 2019 CleverTap**

- Built a real-time data visualization dashboard using Vue.js and Django, improving data accessibility for users by 50%.
- Collaborated with UX/UI designers to implement responsive design principles, enhancing mobile usability and user engagement.
- Developed RESTful APIs for internal tools, facilitating seamless data integration and reducing redundancy by 20%.
- Conducted code reviews and implemented best practices, resulting in a 25% decrease in bugs reported post-deployment.

## **FULL-STACK DEVELOPER**

**2014 / 2015 Blend**

- Developed a web application for tracking bioengineering projects using Angular and Node.js, improving project management efficiency by 35%.
- Integrated machine learning models to enhance data analysis capabilities, resulting in faster decision-making processes.
- Implemented user authentication and authorization features to ensure data security and compliance with industry standards.
- Participated in Agile development practices, including sprint planning and retrospectives, to continuously improve team processes.
